MBCA Director at Large

About The Track
<https://talladegapp.com/about/>

This is not the oval superspeedway, but rather the 1.4-mile 5 turn road course a bit east of the oval.

Talladega Gran Prix Raceway is ideal for novices to learn on. While the turns are challenging to drive correctly, there is plenty of smooth run off area without barriers, if you make a mistake. Advanced drivers will also find it to be fun and perhaps not as straightforward as it might initially seem. We will provide both classroom and in-car instruction.

If you have ever considered Performance Driving this is very affordable at \$265. Sign up early as we are limiting the number of participants and we expect the event to fill quickly.

We expect to have arrangements with a local hotel for rooms at a reasonable rate and the information will be updated on Motorsportreg.com when available.

For more information and registration go to msreg.com/MBCAatTGPR .
